From Precise Microbiome Genomics to Precision Medicine

Prof. Ami Bhatt, MD-PhD

Stanford University

Thursday, June 15, 2023 | 11:00

School of Medicine, room 326

Ami S. Bhatt is an Associate Professor of Medicine & Genetics at Stanford University. She received her MD and PhD (Biochemistry & Molecular Biology) at UCSF. There she received the Fineberg Award for Excellence in Teaching and was inducted into Alpha Omega Alpha. She completed residency and chief residency in Internal Medicine at Brigham & Women's Hospital and was a fellow in Hematology/Oncology at the Dana-Farber Cancer Institute. She carried out her post-doctoral studies at the Broad Institute of Harvard and MIT. She is the Director of Global Oncology for the Center for Innovation in Global Health at Stanford University. She, along with Franklin Huang, is a co-founder and co-president of the non-profit organization Global Oncology (www.globaonc.org).
